## **Day 1. Sat 22 Oct: Sydney - Lord Howe Island**

**Dinner**

### **Flight Details: Sydney - Lord Howe**

Today we **board our flight across to beautiful Lord Howe Island**. On arrival we are transferred to our accommodation at Somerset Apartments for check in. Somerset is perfectly situated between Neds Beach and the Lagoon, on a level area of Lord Howe Island which allows easy walking and biking to nearby shops, restaurants and the Visitor Centre. The accommodation units are nestled in subtropical palm groves, alive with splashes of colour from Hawaiian hibiscus and fragrant frangipani flowers. The grounds are well planned, with tracks meandering through the palms and gardens, giving a sense of seclusion and tropical mystery. As we enjoy a cool drink we will learn about our accommodation, our home for the next five nights. We then have time to relax and settle in with the remainder of the afternoon at leisure before dinner at the Golf Club.

## **Day 2. Sun 23 Oct: Lord Howe Island Tour - Ian Hutton Presentation**

**Breakfast & Dinner**

Our day begins with a delicious breakfast before our touring.

### **Island Bus Tour: Group 1 (Group 2 - morning at leisure)**

Enjoy an **Island Tour** to get a feel for this unique island. We join our tour hosts Janine and Peter Phillips on a **fun and informal bus tour of Lord Howe Island's** more interesting nooks and crannies! Janine is a fifth generation islander. Her Great Grandfather was an American Whaler - Nathan Chase Thompson - who settled on the island in the 1850s. Peter is the island's Post Master. He has had a number of his photos and stories published as well as writing a book on the island's history. We will learn more during our three hour tour than if we spent a week researching for ourselves. We arrive back at Somerset to rest and purchase lunch.

**Island Bus Tour: Group 2 (Group 1 - afternoon at leisure)** After lunch (own cost) it is our turn to **enjoy the Island Tour**. After the tour, we arrive back at Somerset to relax and freshen up.

### **Ian Hutton Presentation**

This evening we are privileged to receive a **presentation on Lord Howe by naturalist, photographer and writer Ian Hutton**. Ian Hutton is perhaps Lord Howe Island's most prolific photographer, and has written many books and scientific papers about his adopted home. Over the past 34 years he has published over 20 books, been involved in the production of dozens of videos, documentaries and films, and has a personal collection of over 40,000 photographs, which he has meticulously catalogued. Tonight dinner will be at the Coral Cafe.

While on the boat we view the large variety of fish, turtles, stingrays and amazing corals of the world's southern most barrier reef on our glass bottom boat, 'Adventure One'. Enjoy the relaxed commentary on the island's history and marine life through the eyes of the young island based Marine Adventures team as we cruise slowly to the beautiful North Bay. While exploring North Bay we can climb up Mt. Eliza, walk to the Old Gulch or Herring Pools, view the sea bird rookery (seasonal), swim or just sit and laze the day away. Marine Adventures will guide us on an optional walk along the beach where we are able to get up close to some of the islands migratory seabirds, have numerous photo opportunities, and learn about the unique history of the bay.
